ACTIVATION OF SENTINEL SITES FOR INTEGRATED HEALTH SERVICE DELIVERY

The Ministry of Health is implementing a policy shift towards Integrated Delivery of Health services. This seeks to strengthen patient-centred care, coordinated service delivery and efficient utilisation of resources to achieve Universal Health Coverage.

As part of this National Integration framework, MoH will establish a network of Sentinel Sites that will serve as practical demonstration hubs for integrated care, continuous quality improvement, and generation of replicable best practices for the wider health system.

Five (5) health facilities within your region were randomly selected to serve as sentinel Sites, covering the following levels of care: **1 Regional Referral Hospital, 1 General/District Hospital, 1 Health Centre IV (HC IV), 1 Health Centre III (HC III), and 1 Private Not-For-Profit facility (PNFP).**

Ministry of Health will conduct sentinel site activation from **7th -18th September, 2026**. The selected sentinel sites will benefit from joint supportive supervision, structured CQI mentorship and are expected to participate in regional and national peer-learning forums.

Please designate a focal person to support these visits and access to relevant service points, staff and records. The names of selected facilities are hereby attached for your information. For further correspondence, please contact Dr. Cordelia Katureebe (katureebecordelia@gmail.com)

I thank you for your commitment to the delivery of integrated health services.

A handwritten signature in black ink, appearing to read 'Samu'.

Prof. Charles Olaro
DIRECTOR GENERAL HEALTH SERVICES

Cc: Permanent Secretary
Cc: Commissioner, Communicable Diseases Prevention and Control
Cc: Chief Administrative Officers
